

Come on Along! Come on Along!
Legislators Need to Hear from You One-on-One!

Wednesday, March 7
MSSNY's Annual Physician Advocacy Day Coming Right Up!
Register Today!

Just EIGHT weeks from today, MSSNY's "Physician Advocacy Day" will be held on Wednesday, March 7th in the Lewis Swyer Theatre in "The Egg" at the Albany's Empire State Plaza

[Click Here to Register!](#)

**Join your colleagues from all around New York State to speak with
YOUR LEGISLATORS
to ensure they're making the right choices for you and your patients!**

Join us to urge your legislators to:

- **Reduce excessive health insurer prior authorization hassles that needlessly delay patient care**
- **Reduce the high cost of medical liability insurance**
- **Preserve choice of physician for our patients**
- **Reject burdensome mandates that interfere with patient care delivery**
- **Preserve opportunities for our medical students and residents to become New York's future health care leaders**

Following a morning program, you will have a chance to hear from—
and— more importantly—question New York's legislative leaders, followed by an informal luncheon where Assemblymembers and Senators are invited to join their constituents.

Please contact your county medical society to coordinate
Legislative appointments for physicians to meet
with your elected representatives on that day.

Questions/comments? Contact Carrie Haring at charring@mssny.org.
