

**Alliance with the Medical Society of the State of New York
2020-2021 Report to the MSSNY House of Delegates
September 18, 2021**

Dear MSSNY House of Delegate Members,

The past eighteen months have been truly challenging times not just here in the USA but all around the world. The profession which has certainly been most affected by the COVID Pandemic has been the medical profession. They have truly been the soldiers in this war against the COVID virus.

Our sincere thanks to all who have worked so hard and continue to do so each and every day.

As the Alliance to the Medical Society here in NY we have been unable to meet in person or have an opportunity to initiate any new projects in the past year. Our members have been supporting their spouses during the crisis and helping within their communities wherever possible. The Alliance will once again hold its annual meeting virtually.

We are unable to hold a Fall conference this year, due to the Delta variant.

Please reach out to us if there is anything that we can assist you with in the future.

Sincerely,

Helena Mirza
Co-President AMSSNY
